## Fast Action ROUNDUP® Ready-To-Use Weedkiller

Multi-purpose weedkiller, kills annual and deep rooted perennial weeds, including grasses, dandelions, docks, nettles, ground elder, bindweed and thistles. It is inactivated on contact with the soil and is then broken down by soil micro-organisms, to allow replanting.  
**KEEP CHILDREN AND PETS OUT OF TREATED AREAS UNTIL DRY.**

### Instructions for Use

#### HOW TO USE

Although not a requirement, as good practice, we recommend wearing waterproof gloves and gardening footwear.  
1. Clip band carefully. 2. Insert red plug into spout on cap until it clicks. Squeeze cap as indicated and turn to open. 3. Point sprayer away from body and slowly pull ring at base of sprayer handle until it stops and hold for 2 seconds. 4. Rotate nozzle to 'spray' or 'stream'. 5. Hold the sprayer approximately 50 cm away from the target weed and spray to lightly wet the weeds - avoid run-off. • Completely discharge product in sprayer prior to storage • Rotate nozzle to 'OFF' after use and turn cap to closed position. Re-clip sprayer.

#### WHEN TO USE

- Spray at any time when the weeds are actively growing and have adequate leaf area to absorb the spray.
- Rain within 6 hours of spraying reduces effectiveness and repeat treatment may be necessary.
- Apply in calm conditions to avoid drift onto cultivated plants.

#### WHERE TO USE

- Controls most weeds around the garden, e.g. gravel areas, paths, drives, hard surfaces, patios, tarmac, along fences and for edging lawns
- Can be used to clean up weedy ground before planting vegetables, flowers, bushes and trees, and to renovate overgrown areas.  
**DO NOT USE ON LAWNS OR OTHER WANTED PLANTS** unless you want to kill them.

- Treat established perennial weeds at the start of flowering to give best results.
- Spray nettles and ground elder when new leaves have unfolded fully in late spring.
- Weeds may show first effects from a few days up to 4 weeks, depending on the weather and the type of weed.
- Leave weeds 7 days before digging or soil cultivation, for the weedkiller to move to the roots.
- Repeat application if necessary, should new growth appear.

#### RESTRICTIONS Avoid contact by spray and spray drift with cultivated plants and desired vegetation

- To avoid transfer to lawns and other desired vegetation do not walk into treated areas until the product has dried  
• Do not re-use empty bottle

This product is a home garden weedkiller for use on unwanted vegetation and areas not intended to bear vegetation. It contains 7.2g/l glyphosate acid (present as 9.7g/l) IPA salt of glyphosate in a ready to use solution.

#### SAFETY INFORMATION

KEEP PRODUCT AWAY FROM CHILDREN AND PETS. KEEP AWAY FROM FOOD AND DRINK. If swallowed, seek medical advice immediately and show this container or label. Do not contaminate water with product or its container. This material and its container must be disposed of in a safe way.

Do not empty into drains.  
TO AVOID RISKS TO MAN AND THE ENVIRONMENT, COMPLY WITH THE INSTRUCTIONS FOR USE MAPP 14481 PCS N° 03726

#### SAFETY INSTRUCTIONS UK Only:

Protection during/in use: KEEP OFF SKIN. WASH OFF SPLASHES IMMEDIATELY. WASH HANDS AND EXPOSED SKIN AFTER USE.

Storage and disposal: KEEP PRODUCT IN ORIGINAL CONTAINER, tightly closed, in a safe place. Dispose of empty container in the dustbin. Dispose of unused product in its container at a household waste site (civic amenity site). Contact your local council (local authority) for details.
